Dear Sir:

In response to the Decision on Request for Recalculation of Patent Term Adjustment in View of Wyeth mailed April 21, 2010, this is a request to review and recalculate the Patent Term Adjustment. Applicants submit herewith the fee of \$200 required by 37 CFR 1.18(e). The period for responding to the Decision on Request for Recalculation of Patent Term Adjustment in View of Wyeth expires on May 21, 2010, and thus the fee and information required by 37 CFR 1.705(b)(2) are timely filed.

We believe the PTO awarded an additional 245 days. The mistakes identified in the PTA calculation are as follows:

1. The above listed case went abandoned on November 11, 2006 for failure to respond to an Office Action. Pursuant to 1.704(c)(3) the applicant should be penalized by 4 months or until the Petition to Revoke Application is submitted, whichever occurs first. Four months occurred first and thus the applicant delay should be an additional 120 days.
2. An IDS was filed on June 8, 2009 after the response to an Office Action dated February 3, 2009. Pursuant to 1.704(c)(8), the applicant delay should be an additional 125 days.

The PTA has been reported as 2570 days, we believe it should be 2325.

Please charge the \$200 fee of this paper and any additional fee which may be associated to our Deposit Account No. 19-0733.

Respectfully submitted,
